Description

Who knows what's best for you? Some old guy in a tie 1,000 or even 10,000 miles away? Or is it you who's already WALKED 1,000 miles in your own damn shoes and knows exactly what's needed in order to walk another 1,000 or even 10,000!

Decentralizing authority means bringing it closer to you and your community. It also means that if one man fails, there are many more capable people all around us to take his place. Let's work on building our own communities and not relying on others to do it for us. The Decentralize Authority, Local is Priority hoodies and tees are a step in the right direction.
